Fully Protected Pledged To Concoct Jobs

Government, Firms Agree on Policy

OTTAWA, May 30.—(CP)—Canadian workers will be "fully protected" in getting jobs in Alberta's oil fields, the labor department announced today.

The department said that in the event of a strike by the United Brotherhood of Carpenters and Joiners of America, the Canadian Legion branch there that the labor field in the oil-drilling area near that city was being overrun by importation of laborers from the United States. In a statement, the department said it had been working with the immigration branch and had obtained definite understanding with an association of oil-drilling operators by which Canadian workers would be fully protected. A number of drilling outfits had brought full crews into the Edmonton area from the U.S., mainly because they had not known the labor situation in Canada. These outfits gradually had changed their American crews to Canadians and in the process only skilled workers unavailable in Canada would be brought from the U.S., the unskilled portion of the crew being filled with available Canadian labor.

SET-UP OF CREWS
The statement said the crews on drilling operations usually are composed of four drillers, one tool pusher and about 16 other workers known as "roughnecks." It was quite understandable that skilled drillers and tool pushers would not be available in Canada, and there was no objection to bringing them from the U.S.

On the other hand, the unskilled workers could be found in Canada at this time and the drilling operators had agreed that no attempt would be made to bring in unskilled workers from the U.S. and that they would use the eleven Canadian workers for all but six or eight key jobs on each outfit.

SAULT STE. MARIE, Ont. May 30.—(CP)—A mother of three was found slain early today and her husband was charged with her murder after what police said was a drinking-spree in their weekend apartment.

The husband, John Glinksky, 36, formerly of Fort William, later appeared in court on the charge and was remanded to June 7 for preliminary hearing.

The woman died shortly after police arrived in answer to an urgent call that a fight was going on in the apartment. They found the woman lying dead on the bed, her head and neck broken. Her husband was charged with her murder, who was in the apartment, was arrested at the scene.

Fire Fighters Sight Victory

Fire fighters in Alberta are within a few days of complete victory over the forest fire they have battled for more than a month.

Forestry officials said today all fires have been extinguished except about a dozen blazes in the Lac la Poudre and Lesser Slave Lake districts. These are under control.

About 100 men are now digging out ground fires in the area where a week ago strong winds lashed blazes through stands of pine and spruce.

Oldest Anglican Cleric Dies

WINNIPEG, May 30.—(CP)—Rev. W. R. Johnson, believed the oldest cleric in the Anglican communion in Canada, died here yesterday at his home at the age of 92.

Suffering from severe head injuries is Gilbert Wayne Cartwright, 1024 96 street, Royal Alexandra hospital officials said today he is "doing well."

The accident occurred after two cars were involved in a collision at 96 street and 106 avenue about 7:30 p.m.

ACROSS SIDEWALK
One of the cars, driven by Harry H. Brown, 1024 96 street, was out of control after the collision and careened across a sidewalk to strike one boy of a group of three.

The bystanders "moved" the smashed vehicle to release the child. He was taken to hospital by private car.

Brown told police he was going west on 106 avenue and failed to see the other car, driven by George E. Ruesnak, 1029 96 street, which was proceeding south on 96 street.

Although no one else was injured, a passenger in Brown's car, Ken Clouston, of Saskatchewan, fell from the front seat to the pavement when the door flew open.

Assault Of Girl, 12, Charged In South
LETHBRIDGE, May 30.—(CP)—George Yorkin of Lethbridge is scheduled to appear in police court here today charged with the rape of a 12-year-old girl. Yorkin was arrested Saturday night after the girl reported she was attacked on the outskirts of the city.

A GOOD ENJAN is a smoke, so Charlie Phillips Jr., two-year-old son of a Richmond, Va., railroad worker, ignores his attractive playmate, Brenda Griffin, while puffing on the perforator. Charlie did let him have the cigar just for a joke, but he liked it.

Nfld. Vote Sweeps In Liberals

Capture 17 of 28 Seats With Count Still Incomplete

By Canadian Press Staff Writer

ST. JOHN'S, Nfld., May 30.—(CP)—The Liberal party has won Newfoundland's first election as a province of Canada.

Output returns today confirmed the trend of landslide proportions that became apparent in early counting following the election Friday.

With 25 of the 27 seats heard from, the tally showed election of 17 Liberals, two Progressive Conservatives and one Independent Progressive. Conservatives were leading in three seats, Liberals in two.

LIBERALS 2-1
The Liberal victories—most of them by overwhelming majorities—came from output ridings but the party also polled a large vote where it lost or was trailing.

In the popular vote tally, Liberals were ahead by more than two-to-one.

Progressive Conservatives found their greatest support in the two-member district of St. John's East. Here, Main-Bell Island, where one candidate was elected and three others leading.

The returning officer for White (Continued on Page 2)

Warm Spell To Continue

Today's warm and dry weather will continue tomorrow in most regions, weather forecasters predicted.

With today's high of 84 rising to 75 degrees Tuesday, a majority of the prairies enjoyed a sunny Sunday although a few showers were reported in Peace River region and eastern Saskatchewan.

CLOUDS, WINDS
Variably cloudy skies and light winds are in store for the city today, Tuesday afternoon will be cloudy with winds south at 12 miles an hour.

Overnight low at 4:30 a.m. today 38 degrees, Yesterday's maximum was 80.

Edmonton received 21 inches of rain in the 26-hour period ending 5:30 a.m. Sunday, of which all but a trace fell before Saturday midnight.

Cross-Canada temperatures yesterday were as follows:

Session Fees Boosted At University of Alta.

University of Alberta today announced increases in fees for the 1949-50 session ranging from four per cent in the school of household economics to 15 per cent in the faculty of medicine.

Registration fees were boosted from \$5 to \$8 and medical services fees from \$3 to \$7. Students Union general fees remain the same but will contribute \$8 instead of \$6 in accordance with a plan to cover costs of the Students Union building now under construction.

Accommodation at University residences is boosted from \$40 to \$50 for single rooms and from \$47 to \$52 for double rooms.

Following is a comparative list of fees for the session:

ARTS AND SCIENCE	1948-49	1949-50
B.A.	\$130	\$130
B.S.	\$135	\$135
AGRICULTURE		
1st Year	\$100	\$105
Subsequent Years	\$125	\$130
COMMERCE		
1st Year	\$140	\$145
Subsequent Years	\$165	\$170
DENTISTRY		
1st and 2nd Years	\$245	\$250
3rd and 4th Years	\$270	\$275
EDUCATION		
1st Year	\$115	\$120
Subsequent Years	\$125	\$130
Engineering	\$145	\$150
Household Economics	\$145	\$150
Medicine	\$160	\$175
NURSING		
Years 1 and 2	\$130	\$135
PHARMACY		
1st Year	\$160	\$170
Subsequent Years	\$275	\$285

STUFF WORK
Ken Guthrie, retired air vice marshal and former air commander North West Air Command, is mourning today these days after discovering many muscles in his body he didn't know he owned.

Ken has been doing a lot of gardening around his 127 home and finding it's no cinch.

ALMOST FORGOT
Col. W. W. F. "Bill" Hancock, presidential representative of Northwest Air Lines in Edmonton, arrived at Henshaw ball park yesterday afternoon in quite a daze.

He forgot all about the double-header today, he said as he rushed to the talent of the "Gardens" when I thought of it," said breathless Bill.

WHO'S WHO
Alberta Forest Products Association is holding its annual meeting at the Macdonald Hotel today.

Don Mackay is the president and Don McKay is the secretary. Both are from Edmonton.

ENROUTE HOME
complicated by Mrs. Stephen is George Stephen, C.B.E., en route home to Montreal after a pleasure visit to the Pacific Coast. Mr. Stephen, now retired and formerly a vice-president of the Canadian Pacific Railway, has been visiting Edmonton off and on since 1903.

ON TOUR
L. B. Urwin, vice-president of the C.P.R. in charge of finances in Edmonton visiting auditors and other local railway officials.

GETS DOUSING
"Vancouver radio actress Cheryl King, holidaying in Edmonton for the past several weeks, took an unexpected dip in Pigeon Lake yesterday.

Miss King, spending the day with friends, slipped into the lake while attempting to launch a canoe from shore.

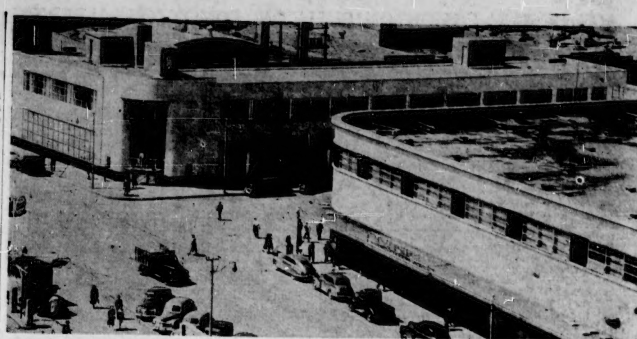

IN CITY
George Cristall, manager of York Hotel in Calgary, paid a business visit to Edmonton at the weekend.

BACK HOME
Back in Edmonton from Seattle, Wash., is C. H. Williams, manager, Credit Bureau of Edmonton. While in the States he attended the three-day conference of 500 credit bureau and collection service managers and credit granters.

Britain exported bicycles worth \$22,000 in 1948, more than three times that of 1938.

BACK TO WORK today is Mayor Harry D. Ainlay, still convalescing from his April 30 fall at Haney, B.C., when he broke his nose, fractured his skull and some vertebrae. All harnessed up in special bandages, the mayor is feeling quite chipper despite handicap, but will be forced to take it easy for sometime yet.

—Photo by Bland.

GRACE AND SYMMETRY of Edmonton's new bus depot in heart of downtown business area is emphasized when compared to surrounding buildings. This view shows new depot on left and T. Eaton's on right. Similarity between two buildings is striking.

Photo by Ransac.

Pistol Packing Jokester Sought By City Police

PHEASANT CRASHES INTO LIVING ROOM
TACOMA, Wash., May 30.—(UP)—Mr. and Mrs. Louis Brown were awakened early in the morning by a loud crash they feared at first was another earthquake. When they looked in their living room, they found a limping full grown Chinese pheasant. The bird had flown through their freshly cleaned window.

Weekend Party Costs Drinking Victim \$360
Aif Petruska of 10132 98 street thinks some weekend party guests carried "social drinking" a bit too far.

COAL OUTPUT SHOWS DROP
Coal production in Alberta dropped from 700,000 tons in April, 1948, to 565,112 tons in April, 1949, the Department of Mines and Technical Surveys reported today.

Output of bituminous field was 408,409 tons, while sub-bituminous field produced 95,633 tons.

Crowsnest Collieries produced 197,004 tons, heading the list of bituminous producers. In sub-bituminous fields, Pembina output totaled 14,208 tons.

30,000 Mile Trip Has Break Here
As part of a 30,000 mile trip, G. R. Robson of Sydney, Australia, stopped off in Edmonton to visit his sister, Mrs. Eleanor Thompson.

A native of Hamilton, Ont., Mr. Robson went to Australia 14 years ago for his company and now is chairman of the board of directors of Waygood-Otis Australia Proprietary Limited, which manufactures about 80 per cent of elevators and escalators sold "down under."

Bellis Woman Missing 10 Days
No trace has been found of 26-year-old Julia Schubert, missing from her Bella home since May 20. RCMP and residents are continuing the search.

A five mile area of brushland around the Schubert home is being combed by fifteen horsemen and 10 foot searchers. The woman was last seen accompanied by a large collie dog.

Fire Dept. Gets 303 April Calls
Firemen had a busy time in Edmonton during April. They answered 303 calls of which 145 were to grass and bush fires in the city.

There were nine false alarms and four calls to burning telephone poles.

Fire prevention branch of the department inspected 250 buildings; dealt with 40 complaints, issued 25 gas tank permits, and approved 16 licenses.

Fire Chief James Macgregor investigated 47 fires.

KLM Starts Canada Flights
MONTREAL, May 30.—(CP)—The first air service between the Netherlands and Canada opened today when a Royal Dutch Airlines (KLM) plane with Prince Bernhard aboard, left Amsterdam on a prearranged flight to Curacao.

Netherlands West Indies via Montreal and Havana. A civic reception awaited Prince Bernhard on the plane's arrival here.

Rocky Mountain Fever Battled

Two Government Crews Work Near Manyberries

Battle against dreaded Rocky Mountain spotted fever is being intensified.

Two crews are now at work in the Manyberries district of southern Alberta, surveying animals who are believed to be hosts of the disease. J. H. Brown, provincial entomologist announced today.

It is the first annual survey to be made by the provincial government in an effort to discover the feeding place of ticks known to be carriers of the disease.

Gophers, field mice and other small animals are being trapped by the survey crews, chloroformed and dissected so hearts, liver and other internal organs can be examined.

The government has been conducting surveys of plant life for about 13 years in efforts to combat the disease.

Survey crews include C. E. Collins and John Higgins of the University of Alberta, and D. W. Brown and J. W. Wilson of Calgary.

Spotted fever has claimed the lives of five persons in less than 10 years in Alberta. The Manyberries district is one of the worst affected areas in North America, where the disease is endemic.

Treatment program for Alberta children, suffering from arthritis, will begin about July 1. Hon. Dr. W. W. Cross, minister of health, said today.

Plans for an extensive arthritis treatment scheme among youngsters in the province were made at the last session of the Alberta Legislature.

Government allocated about \$50,000 to finance the treatment program.

Advisory committee which recently studied the need for arthritis treatment in the province recommended to Dr. Cross the appointment of a director to organize the program.

Dr. Cross said today the director will be named this week. Several persons in the province are believed to be suffering from the disease.

Dr. Cross said today the director will be named this week. Several persons in the province are believed to be suffering from the disease.

Dr. Cross said today the director will be named this week. Several persons in the province are believed to be suffering from the disease.

Bogus Bill Trail Trips Ex-Convicts

Mickey MacDonald's Brother,
Two Others Held at Syracuse

SYRACUSE, N.Y., May 30.—(CP)—A United States secret service agent Saturday night questioned two of three Canadian ex-convicts in connection with an arrest in Toronto recently which led to the confiscation of \$17,000 in counterfeit United States currency.

Jury Decides Doctor Guilty

CEDAR RAPIDS, Ia., May 30.—(AP)—A jury of nine men and three middle-aged housewives Saturday night convicted Dr. Robert C. Rutledge, Jr., St. Louis child's specialist, of second degree murder—under a charge of slaying a 28-year-old doctor who allegedly seduced Rutledge's attractive blonde wife Sydney, 23.

The 28-year-old doctor was accused of the afternoon slaying here last Dec. 14 of Byron C. Hatman, 29, St. Louis aircraft engineer who allegedly seduced Rutledge's attractive blonde wife Sydney, 23.

NEW TRIAL REQUEST
Judge J. K. Heiserman said he would give the defence until July 1 to file motions for a new trial. If they are denied, he said, he will pass sentence a few days later. The conviction carries a term of 10 years to life imprisonment.

The defence indicated that it would move for a new trial. Mrs. Rutledge had testified that Hatman, her co-worker at a St. Louis factory, took her talking got her drunk and was "friendly intimate" with her while she was too ill to resist.

One of the jurors—Emmet J. Neenan—said the jury believed the young wife's testimony but he added: "The seduction was no reason to kill a man."

Light Planes Set Mass Flight Record

PORTLAND, Me., May 30.—(AP)—Portland's 130 aerial goodwill visitors from Portland, Ore., were flying in 32 light planes—each on its own course. Their 1,300-mile flight in this Maine city was one of the biggest for small planes in aviation history.

EDMONTON BULLETIN, Monday, May 30, 1948

COMPENSATION ASKED FOR EISLER ARREST

LONDON, May 30.—(UPI)—Council for Germany Police said today they would demand compensation from Britain for forcibly removing the Communist agent from the Polish line history at Southampton May 11.

The lawyers said they would place the claim through the Home Secretary, whose office ordered Eisler arrested at the request of American authorities.

Eisler was detained in Britain prison until he was released last Friday by a court ruling that charges on which he was convicted in the United States had not fulfilled British perjury specifications.

Home Secretary James Chautauque said Eisler does not have a "chance of collecting from Britain."

3-Way Unity Stressed By PM at Convocation

By Robert W. Reford
MONTREAL, May 30.—(BUP)—Unity of the family, community and country was stressed by Prime Minister Louis St. Laurent in the convocation address at McGill University here today.

"I believe that we have never been so united (in Canada) as we are today," he said.

"This has been shown in our national life in the inspiring way in which our foreign policy has developed and the North Atlantic treaty was unanimously supported by parliament."

DEGREE CONFERRED
Mr. St. Laurent has given the honorary degree of doctor of Civil Law at the convocation.

He congratulated the graduating students on passing their examinations. "But I'm facing another examination, which will take place June 27," he said. "And some 8,000,000 will mark the passage."

He expressed his belief that the youth of Canada and her people in general, had never been so well informed as today of the dangers and opportunities of the future. In countries practicing parliamentary democracy and professing the Christian faith, we put first not the glorification of the state, but the maintenance and dignity of the individual.

NO DEADEND
"The life of the individual is only complete when identified with the community."

He stressed the importance of the individual's contribution to the community and the need for unity in the face of challenges.

He emphasized the role of the individual in the community and the importance of maintaining democratic values.

He discussed the challenges facing the community and the need for collective action.

He highlighted the importance of education and the role of the youth in shaping the future.

He concluded his address by reaffirming his commitment to the values of unity, democracy, and the dignity of the individual.

He expressed his confidence in the future of Canada and the role of its citizens.

He thanked the graduates and the community for their support and participation.

He ended his address with a final message of hope and optimism for the future.

He wished the graduates good luck in their future endeavors.

He expressed his belief in the strength of the Canadian people.

He concluded his address by once again emphasizing the importance of unity.

He thanked the audience for their attention and participation.

He ended his address with a final message of hope and optimism.

He expressed his confidence in the future of Canada.

U.S. Army Man Drowns As Canoe Capsizes

LETHBRIDGE, May 30.—(CP)—A U.S. Army sergeant, stationed at Great Falls, Mont., was drowned Saturday when a canoe capsized in the Bow River here.

MacDonald and Kenneth Scott, both of Lethbridge, rescued two other persons in the canoe—Sgt. Theodore Driver of Great Falls and Alan Poka of Lethbridge. Sgt. Driver's body was recovered Saturday night following dragging operations and was flown back to Great Falls.

One of the jurors—Emmet J. Neenan—said the jury believed the young wife's testimony but he added: "The seduction was no reason to kill a man."

He emphasized the importance of the individual's contribution to the community and the need for unity in the face of challenges.

He stressed the role of the individual in the community and the importance of maintaining democratic values.

He discussed the challenges facing the community and the need for collective action.

He highlighted the importance of education and the role of the youth in shaping the future.

Light Expert Dead

MOSCOW, May 30.—(AP)—The death of Lt.-Gen. Mavri Maksimov was reported today in the Soviet newspaper, Red Star.

A specialist in command of railway troops, he was in charge of reconstructing rail lines in Soviet territory during the Battle of Stalingrad.

He emphasized the importance of the individual's contribution to the community and the need for unity in the face of challenges.

He stressed the role of the individual in the community and the importance of maintaining democratic values.

He discussed the challenges facing the community and the need for collective action.

FLOATING LABORATORY, bristling with new equipment, the Radel, National Research Council experimental vessel, is off for another summer on the Great Lakes. This year, the third since she was reconitted from a Halifax customs boat, she will spend most of the time around Scarborough, Ont., near Toronto, where the NRC has a field station.

Safer Navigation in Fog Aim of NRC Vessel's Trip

By H. Dent Hodgson

OTTAWA, May 30.—(CP)—The Radel, a little boat with a big purpose in life, is off on its annual cruise into the unknowns of safer navigation.

Loaded with the latest in radar equipment and various other gadgets with which it will experiment this summer, the National Research Council's experimental vessel is headed for the Great Lakes, travelling via the Rideau Canal from its base on the Ottawa River.

FOG NAVIGATION RESEARCH
The trim little 65-foot craft will work on a system for safer navigation in fog, even for non-radar-equipped ships, and equipment which makes accurate sounding possible in any weather.

One of the main assignments this summer will be development of a better type of radar-equipped boat.

The Radel's men also hope to produce a microwave beacon for lighthouses which would enable ships not equipped with radar to take accurate bearings in a fog with a miniature receiver.

NEW DEVICE FOR SOUNDINGS
A new device being tested for the first time this year will make it possible to take accurate sound-

ings for hydrographic charts, even in a fog.

The radar picture is transferred below decks and photographed while the soundings are taken. The picture, in which a spot of light marks the position of the vessel, locates the position of the ship and an auxiliary gadget hooked up to the camera records the sounding—the depth of the water—photographically on each picture.

It works fine in a fog. Even in daylight it's handier than the conventional method which involves locating the ship's position by taking bearings on landmarks—which may be obscured in good weather—and then measuring the depth of the water.

HARBOR SAFETY IMPROVED
Radar equipment on the NRC vessel, the latest in use, will make it safer for ships in a harbor during fog. The radar screen shows surface objects as close as 25 yards away. In the water, radar has a minimum range of 300 yards, and this was narrowed to 150 yards by the end of the war.

Quints Mark Birthday With World-Wide Mail

CALLANDER, Ont., May 30.—(CP)—Birthdays cards from many lands show the world hasn't forgotten the five girls whose birth made medical history in 1934.

The Dionne quintuplets celebrated their 15th birthday Saturday with a family party. Aside from the special presents from their parents, they got their biggest kick from reading the vast number of greetings and letters from all over the world.

The morning presenting ceremony was a big occasion—two-five identical infant radiators from their mother and five ivory travelling checks from their dad.

BIG DAY SUNDAY
But the girls saved their big day for Sunday. They moved Father's Day ahead a week to bring their 45-year-old father, Oliver, into the celebrations. As usual, the girls collaborated on a special vaudeville show to act out for the occasion.

The quintuplets sang a part of a show—a 25-hour concert of piano and vocal music and a play—on Mother's Day for their mother, Elsie.

Through 15 years have passed since a pup-like bundle of babies startled the world, the quintuplets are as plump as five peas in a pod. Now developing into graceful young ladies, all look fit and healthy from an outdoor life of swimming, tennis and horseback riding.

There isn't more than a half-inch difference in their heights. Three—Yvonne, Emilie and Marie—stand five feet tall, while Cecile and Annette are about a half-inch shorter.

Aside from Marie, all weight

THE SKIPPER is head of the NRC's Radar Development section, H. Ross Smyth, doubles as captain of the Radel since quarters are too cramped for a crew and technicians as well. He picked up his seaman's ship in the Merchant Marine.

THIS ELABORATE antennae on the Radel is a Scanner, which revolves slowly, sending out and picking up signals to get a visual picture of surroundings. J. E. Ledus of Ottawa, senior research council technician, checks the device under Smyth's direction. The equipment will identify objects as close as 25 yards away, making for safer navigation in harbors.

IT'S A CLEAR DAY, but Norman Lowrey, left, NRC communications technician, can see almost as much as skipper Smyth as he peers into the radar screen. The picture on the screen is recorded photographically below decks. The Radel's research projects will make navigation safer, even for non-radar-equipped vessels.

Wetaskiwin Hi Sponsors Boxing

WETASKIWIN, May 30.—Under the auspices of the High School Athletic club five good boxing bouts were run off in the drill hall of the 19th Armored Car Regiment, D. Squadron.

Johnny Fricke and Gerald Kaiser battled to a three round no decision fight. Jimmy Hodgson got the decision over Dan Wilde. Ed Novichin was declared winner against Alex Czajkowski. An exhibition bout was staged between Jackie Adams of the local string of young boxers and J. Hamilton of Ponoka.

Final card of the evening was staged between Keith Wilson and John Ciochki of Ponoka. This was main event and was won by Ciochki of Ponoka.

Following the summer holidays the Athletic club plans to stage these bouts regularly. Proceeds of the evening went towards buying equipment.

Geo. W. Mathers Dies At Hanna

HANNA, May 30.—George William Mathers, long time resident of Hanna, passed away in the Hanna Memorial Hospital Wednesday, at the age of 60 years. He had been in poor health for some time.

Besides his wife, the late Mrs. Mathers is survived by three sons, Charles, Clarence and Floyd, all of Hanna; and one daughter, Elizabeth, Mrs. Steve Dymytruk of Victoria, B.C., and four grandchildren.

Mr. Mathers was a plasterer by trade and many homes in Hanna were plastered or stained by him.

ROBINS INSIDE SHUNTS CHURCH SERVICE OUT

ELINGSFIELD, Suffolk, Eng., May 30.—(Reuters)—Because robins are nesting in the church of this Suffolk village, Rev. H. S. Verrells today stood on the church steps and read the lessons from a pocket Bible for the second Sunday in succession.

Throughout the service, the mother robin sat on the eggs, which have increased from four to six during the week. The rector has placed a notice on the church door asking visitors not to disturb the birds.

To commemorate the incident, a red breasted robin is to be embroidered on a linen cover for the lectern Bible.

TIMING IMPOSSIBLE TO FORECAST

Big Earth Fault Brews Major West Coast Quake

By FRANK FRAWLEY

PASADENA, Calif., May 30.—(AP)—Scientists say stresses are accumulating under California's greatest earth fault, the San Andreas, that sooner or later will cause a major earthquake on the Pacific Coast.

It may come tomorrow or in years hence, or its destructive force may not be unleashed for a century or more. California Institute of Technology geophysicists agree, however, that recent earthquakes in the Pacific do not mean that a major shock is imminent.

Benjamin Gutenberg, Charles F. Richter and Hugo Benoit, who have spent years of research on quakes, all say there is no way accurately to forecast their time. Comprehensive and reliable records of quakes do not go back far enough.

The San Andreas fault has been inactive since the 1906 San Francisco quake and fire. That was the last great earthquake in the United States. The quake and fire caused \$300,000,000 damage. The

quake measured 8½ on the magnitude scale, which means, to seismologists, that it corresponds to the largest shocks ever recorded. The big blow-off on the San Andreas fault may come anywhere along its 800-mile course. It begins 60 miles at sea, off the Oregon coast. It enters the coastline near Barstow, Calif., shoots southward to San Francisco and San Jose, runs through the coast mountain range and the Mohave desert in Imperial county just north of Mex. The swags into the Gulf of California.

**Sofa wide seats
Mid-Ship Ride**

Yes, room for 6 big passengers... and they ride "amidships"—between the wheels, where the going is smoothest!

Power and Economy

There's "zip" and "go" to the new Ford's performance, such as only Ford's 100 Hp. V-8 Engine can give! And owners say they save up to 10% on gasoline.

**Ease of Handling
Finger-tip Control**

Easier steering... "Magic Action" Brakes that are 35% easier acting... amazing acceleration in traffic... they add up to that new Ford "feel".

'49 Ford

Sweet and Low

There's extra safety in Ford's low centre of gravity and the new "Lifeguard" Body... plus "big-car" roadability as well as better looks.

Feature Revival At the Empress

'North West Mounted Police'
Stars Gary Cooper, Carroll

CECIL B. DeMille's "North West Mounted Police," a stirring motion picture story of the gallantry and bravery with which a small force of the Mounted faced thousands of murderous half-breeds in what amounted to Canada's Civil War is playing a return engagement at the Empress Theatre starting today.

HIDING PLACE IS GIVEAWAY

TACOMA, Wash. May 30.—(UP)—Detective Jack Thore and R. E. Duppenthaler stopped Gilmer Masie, 30, for questioning. When Masie did not speak clearly, they made him open his mouth. Inside they found two big bills wedged up. He was booked for investigation of theft.

U.K.-B.C. Salmon Deal Announced

OTTAWA, May 30.—(UPI)—Fisheries Minister R. W. Mayhew said here Saturday Great Britain has agreed to buy 410,000 cases of British Columbia canned salmon from the 1940 pack.

NORTH-WEST CANADA during the 1860s forms background for Northwest Mounted Police, which opened at Empress Theatre today. Gary Cooper is back in type of role in which he first became famous, with buckskin pants, checkered shirt, ten-gallon hat, and pair of pistols with which to impress the beautiful Madeline Carroll, shown with him in one of film's quieter moments.

Secret voting was practiced in Greece and Rome by means of balls marked stones, shells and "medicine" used a leather-soled shoe in the treatment of club-foot.

John and Peggy and Peter and Joan

PARDON our pointing... with pride.

But it's an event when the number of bank workers passes the 40,000 mark—as it did last year.

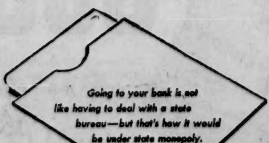

That's 65% more than before the war.

It's an event, first, because it shows the increased use of Canadian bank services...

More deposit accounts: now over seven million.

More funds: customers' deposits now reach nearly seven billion dollars. More services: to farmers; to personal and small-business borrowers; to war pensioners; to people receiving Family Allowances.

It's an event, too, because of the kind of men and women who have joined our ranks. Eager to get ahead, they are finding in banking an interesting job, a challenging career. They can tell you how important privacy in banking is to the Canadian way of doing things.

RC Cardinal Dies in Paris

PARIS, May 30.—(AP)—Emmanuel Cardinal Suhard, archbishop of Paris, died early today.

A statement from his secretary said the 75-year-old Cardinal was "fully conscious till the end" and had received the last sacrament.

He was born April 3, 1874, at the French village of La Chapelle Marais. He became a priest Dec. 18, 1898.

In 1928 he was consecrated bishop of Bayeux and Lisieux. While serving in this capacity he began construction of the Lisieux cathedral.

He was made a cardinal in 1953 and appointed archbishop of Paris May 11, 1940.

Dr. Leacock Dies
TORONTO, May 30.—(CP)—Dr. Rosamond Mary Butler Leacock, 61, assistant to provincial pathologist, died at 1 H. E. Bldg. died Saturday. She was formerly pathologist at Calgary general hospital.

Inside Hollywood

By Bob Thomas
HOLLYWOOD.—(AP)—How would you like to conduct a school where students have the same kind of life as the stars of the screen?

That's the idea behind the MGM studio school since 1928, and it's still going strong. Mary MacDonald, who has been head of the MGM studio school since 1928, and her staff of eight are such names as Margaret O'Brien, Dean Jagger, Claude Jarman, Jr., and the girl who was most likely to be away from school with Elizabeth Taylor.

The film star-attendants are required to attend school from nine to 12 in the morning. High school pupils, like Miss Taylor, have to do homework, as well.

MANY STUDENTS
Miss MacDonald has seen such students as Lana Turner, Judy Garland, Mickey Rooney, Freddie Bartholomew, Jackie Cooper and Jane Powell come and go. I asked her which were the brightest.

"None," she replied with school-teacher caution, "you wouldn't want me to say that. Think how the ones I didn't name would feel. She also declined to name the dumbest."

Does she think actors are smarter than ordinary students?

"Not necessarily. They are about the same as other children, except in one regard. They have much more presence, and meet people much more easily."

Does she have any unusual disciplinary problems?

"No, the students are generally cooperative. Sometimes there are those who get some bad advice from people who might say, 'why do you mind her?'—and I have more money than she is. But most of our problems can be worked out. I have never had to use force yet."

CO-OPERATION
"No, the students are generally cooperative. Sometimes there are those who get some bad advice from people who might say, 'why do you mind her?'—and I have more money than she is. But most of our problems can be worked out. I have never had to use force yet."

European Crop Conditions Fair
WASHINGTON, May 30.—(AP)—The United States agriculture department Saturday reported that European crop conditions in mid-May pointed to a total production less than that of last year but still greater than the 1947 drought year.

Best prospects were in northern and western Europe, but some reduction in grain acreage had occurred in the United Kingdom.

Calgary Policeman Is Plough Champ
CALGARY, May 30.—(CP)—Constable William Morrison is the new ploughing champion of the Calgary Police Force. He won the Jacques Challenge trophy at the annual ploughing competition held Saturday. Police, fire and transit system employees took part in the competition.

EDMONTON BULLETIN, Monday, May 30, 1948

Rita, Khan Re-Married In Moslem Ceremony

CANNES, France, May 30.—(AP)—Rita Hayworth and Prince Aly Khan Saturday night uttered their marriage vows for a second time.

The Moslem Prince confirmed today that he and his actress bride were married in the harem of the Prince's luxurious Chateau d'Ifon.

The couple's first marriage ceremony was conducted in keeping with French civil law. It was performed Friday in the town hall of nearby Vallauris by Communist Mayor Paul Denigot.

QUICK CEREMONY
The Moslem rite was performed quickly. Informants said it was conducted in the presence of six or eight guests and that Aly and Rita wore ordinary street clothes.

The ceremony was conducted in the Arabic language and lasted about 15 minutes. One source said: "It is very like the Christian ceremony. The wife promises to obey, cherish and love."

Two Imams (Moslem priests) made a special trip from Paris for the occasion. One of them, clad in a white robe, conducted the ceremony.

BORN CATHOLIC
Rita was born a Roman Catholic. A Vatican source said Friday that she still considers herself one.

A Moslem marriage service would automatically excommunicate her. The Roman Catholic Church does not recognize the French civil ceremony either.

SWEEPSTAKE TICKETS Bring \$75 Fine
CALGARY, May 30.—(CP)—G. H. Suborke of Calgary was fined \$75 when he pleaded guilty in police court Saturday to a charge of adding to the sale of lottery tickets.

The charge was laid after customs officials became suspicious of a small parcel being placed on a plane and shipped to London. It contained 132 stubs of Ritz Sweepstake tickets and a cheque for about \$40 drawn on the bank of England.

ANTIQUE SKATES
MARKUM, The Netherlands, May 30.—(Reuters)—A pair of bone ice skates, believed to be 2,000 years old, was found Saturday during dredging operations off The Netherlands coast.

RIGHT TO KISS IS DEFENDED BY MAN, WIFE
LYNN, Mass., May 30.—(UP)—A waitress served a couple she caught kissing in a restaurant booth.

The couple became angry and left the restaurant without paying for the food they ordered. The waitress called police.

Policeman Everett Watson found the couple outside the restaurant. They explained they had kissed in celebration of their wedding anniversary.

Eye-in-the-Sky A Must at Tracks

High-Flying Cubs Appear Right at Home Up There

Camera Records D-H Between Ideal Joe-Noddy's Number

By Stan Mohr
Bulletin Sports Editor

Charlie Roe, debonair (he wouldn't be caught dead in a suit he had worn the day before) operating manager of the R. James Speers corporation, calls the Eye-in-the-Sky "the outstanding development" where the conduct of horse-racing is concerned.

This... even though the company with which he does business takes him more than \$6,000 annually for Eye-in-the-Sky service.

And it turns out that the gentle who operate the camera atop the grandstand turn up so many deadbeats in the course of a season in 1946 for instance, the D-H sign was hung out just seven times on the track, despite 81 days of racing embracing in all 567 races.

NOT ONCE BUT TWICE

Twice there was no separating the horses for first place. Four times a pair of mares made it to the wire at the same instant for place money. On one occasion a driver was killed by a horse.

However, in none of these instances each season the camera records a close finish so that the "spectator" can be put up in an easily accessible spot—albeit for the benefit of the better who is pretty certain he saw it differently.

For the "eye" has served to take the heat off racing judges. Before its advent at the track, the "eye" was the task of determining the order of finish. Often it was a tedious proposition, particularly when four or five thoroughbreds straggled under the wire in a blanket finish.

Saturday, as the spring meeting of the season, the 750-foot Exhibition oval (5000 fms) showed \$100,000 through the main stand. The Eye-in-the-Sky had a lot of big moments. When the field was clipped by the leading-endward George Schilling to win the third race "Case" was right there with his little camera to record a dead-heat between Noddy's George Godley up and Noddy's Noddy (Stan Conrad) in the iron.

DEAD-HEAT—It was the second-DH of the meeting, China Jack and Loran. The latter was the first to come earlier in the week to cut third place money.

It was an evenly-kept contest, both clubs missing many golden opportunities. RCAF's shooting was off the target, making Vets' goalie Allen Anderson's cheer "duck soup."

It was the third win out of four for the Star. The Star's success was due to the fact that the RCAF's goalie was off the target, making Vets' goalie Allen Anderson's cheer "duck soup."

It was the third win out of four for the Star. The Star's success was due to the fact that the RCAF's goalie was off the target, making Vets' goalie Allen Anderson's cheer "duck soup."

RIDES A TRIPLE... George Godley, clever Saskatoon saddlethump, was the big man of the jockey colony Saturday afternoon. Included in his riding heroics was a share in a dead-heat between the running of the third race.

EDMONTON BULLETIN, Monday, May 30, 1949

Purity in Clean Sweep Over Esks

CALGARY, May 30.—Purity flashed a spectacular home-run punch to make a clean sweep of their four-game week-end series with Edmonton Eskimos and move within a single game of the Big Four Baseball league.

The Calgary team put the finishing touches to their action by coming from behind last night to down the jockies Eskimos 9-7 in a game played in a steady drizzle under the lights. More than 1,700 fans braved the inclement weather to watch the contest.

THREE-RUN HOMER—In a Sunday afternoon game, Purity lashed a homer from behind to edge Esks 9-7 on the strength of a three-run eighth inning home and did the same Saturday for a 7-4 victory. They won the series opener last Friday by waloping Esks 14-6.

A big clean sweep in the first inning ended victory for Esks in Calgary in last night's tilt. Purity batted completely around before Esks' hurler Jack Devine was able to subdue the club.

Esks appeared to be heading for their first win of the series after a score by Keeley and a double by shortstop Len Karlsen had signed Ed Morris and Dave Brockie in the second inning.

Bill Purity, the pitcher, had the fifth on Manager Ralph Burroughs' bench before Purity broke loose.

NOON THE HERO—Dick Noon was the hero of the Sunday tilt when he slanted a three-run homer over the fence in the bottom half of the eighth to give Purity a one-run edge.

The loss was a break-breaker for Purity's Eskimo hurler, Loran. He, whose portfolio also had kept Purity hand-drafted most of the game, in the top half of the eighth better appeared to clinch as Ed Morris and Dave Brockie out a two-run homer to give Esks a 7-4 lead. However, better weakened momentarily in the eighth to allow Purity to score a run and put two other men on base.

Then Noon stepped to the plate and promptly connected for the round-tripper. Catcher Ernie Chaslow came through in the clutch for Purity in a ball-packed Saturday night tilt.

Eskimos appeared to have the game nearly up in the record book as moundsman Jerry Seane carefully nursed a six 6-5 lead over Purity in the bottom half of the ninth inning. He got two men out and allowed Granato to

Motormen Cop Two of Three Games From Buffaloes

The Johnny-come-lately look like they're here to stay. Continuing to play the hustling brand of ball that has characterized their efforts under manager Les Edwards so far this season Cubs cracked Calgary Buffalo defenses for two wins in three week-end starts at Renfrew Park to maintain their lofty position atop the Big Four league standings.

In the case of yesterday's lid-buff, Buff manager, called upon one Maynard Knarr for mound duty. The shaky right-hander proceeded to pitch almost every ball as though there was a new suit against finding the strike zone.

In all Knarr issued six bases-on-balls in the first inning, five of the free trips coming in the opening frame as Cubs stepped out early with a run and were never headed.

Knarr's successor Bryan Gibson maintained the Santa Claus role with seven bases-on-balls to his credit. When John McManus, out in an even eight on his own account it made 21 in all for the shortstop.

MORI TO FORE—Carl Mori's two-run homer in the sixth inning provided the winning Buff margin as Ken Terry outpitched Al Purvis in the second tilt. Mori's Buff team, called upon to pitch almost every ball as though there was a new suit against finding the strike zone.

BILL WOOD... Handcuffs Norwood Legion.

Precisions' Victory String Cut by 'Vets

Maybe Mickey Checkin's first inning home run off Bill Ewasuit was a sign. In any event it sent Anavets' streak at five games. Yes, the Vets came out ahead, 10-8, in the first of two Senior Men's Football league fixtures at Kingsway park yesterday.

And in the second contest, the Norwood Legion, with Bill Wood hurtling a kick ball, finally ended the form, for one game at least, that carried them to the provincial championship last year. They soundly trounced Norwood Legion 9-1.

The "Vet-and-kick" system is to play light defensive ball and take advantage of any scoring opportunities that come their way.

Possibly it was because Ted Williams' kick caught the Norwood Legion's defense off guard that the Vets' first inning home run off Bill Ewasuit was a sign. In any event it sent Anavets' streak at five games. Yes, the Vets came out ahead, 10-8, in the first of two Senior Men's Football league fixtures at Kingsway park yesterday.

And in the second contest, the Norwood Legion, with Bill Wood hurtling a kick ball, finally ended the form, for one game at least, that carried them to the provincial championship last year. They soundly trounced Norwood Legion 9-1.

Anavets Top RCAF Eleven

Herb Maines, who bottled ball for the now defunct Cloverdale aggregation last season and the lone goal on the Clarke Stadium and Saturday night at Anavets' stand RCAF by a 10 count.

Red-hatted Maines, who came in as a sub in the last half, found the mark from about six feet out during a scramble, giving RCAF goalie John McDonald no chance for a save.

It was an evenly-kept contest, both clubs missing many golden opportunities. RCAF's shooting was off the target, making Vets' goalie Allen Anderson's cheer "duck soup."

It was the third win out of four for the Star. The Star's success was due to the fact that the RCAF's goalie was off the target, making Vets' goalie Allen Anderson's cheer "duck soup."

Manufacturer Charges CBC Hindering TV

CBC is deliberately restricting development of television in Canada. If it had been left to private enterprise, Canadians would be enjoying programs now.

Ure Calls For Increase in Swine Industry

More Alberta pigs must go to market if Canada is to supply United Kingdom tables with hams. Hon. David A. Ure, Minister of Agriculture, today urged Alberta farmers to increase swine production.

"It will be practically impossible for Canada to complete the shipment of 160,000 hams of hogs for the contract year," Mr. Ure said.

Only 162,000 pounds of hams were exported from Canada during the first four months this year, he pointed out.

BADLY NEEDED

"Increase in swine production in Alberta is definitely warranted," the minister said.

Flailing of swine distributes farm income more evenly throughout the year and at the same time increases the farmer's purchasing power, he said.

"In areas where hog production was seriously curtailed, merchants in Toronto, for example, reduction in the farmer's purchasing power of as much as 25 per cent, considerable portion of which might be made up from the profits of hog production," he said.

"If hog products are bought from local elevators for hog feed,"

**Painting Bee
Here Saturday**

House-painting here sponsored by the Edmonton Junior Chamber of Commerce will be held Saturday at 2:30 p.m.

Scheduled for last Saturday, the work was postponed because of rainy weather. Officials said the house belonging to J. Hefvick, 1038 112 street had become water-logged through recent rain.

Thirty young members will attempt to break last year's record painting record of 24 minutes and 35 seconds.

**Answers Conser
On Exam Poiser**

TORONTO, May 30.—(CP)—A Toronto high-school newspaper said Saturday it asked 300 students whether they chose to be "nations and 200 said "yes." But, on the other hand, several teachers who were asked about the content of examination classes called the results of the survey "propaganda."

Change Made

Eastwood Playhouse Mothers Club will meet at 8 p.m. instead of June 1 as planned. The meeting will be held at the registration of the lot and all club members.

**Service Club Plans
Show for Soccer Club**

MONDAY—Kiwanis, Comopolitans.
TUESDAY—South Side Kiwanis, Gyro, Y's Men.
THURSDAY—Rotary, Lions, Optimist.

Friday—Active.

Cry of "Batter up!" will resound over picnic ground at Victoria Park on June 2, when the Optimist Club replaces their weekly noon luncheon with the annual baseball game.

Junior Optimists of the South Side boys' home will play the senior Optimists, and a picnic will be held following the game. Members will bring their families.

Members of the Newcastle United soccer football team will be entertained by the Kiwanis Club at the noon luncheon today at the MacDonald. Guest speaker will be Wm. McKee, lawyer, who is travelling with the Newcastle team.

South Side Kiwanis club will have a business meeting following noon luncheon at the King Edward hotel tomorrow.

Dr. Walter Jones of the University of Alberta will address the Y's Men Club at the tomorrow night meeting at the Yagland. His subject will be A Charter of Human Rights.

Rabbi Leon Hurwitz will be guest speaker at the noon luncheon of the Rotary Club Thursday at the Kiwanis hotel. John Dwyer will be chairman of the day.

New project will be discussed by the Kiwanis Club at the Friday dinner meeting at the MacDonald hotel. Musical interlude will be provided by May and Jack Denison.

Business meeting will be held by the Comopolitans Club following the 6:15 dinner meeting today at the Trocadero.

Musical program by the MacDonald Trio, Patricia, Bob and John will be the feature of the Gyro club meeting Tuesday at the MacDonald. Induction of two new members will take place following the dinner.

EDMONTON BULLETIN

EDMONTON, ALBERTA, MONDAY, MAY 30, 1949

If It's for Edmonton
The Bulletin's for It

Page 11

Bidding Permits Issued for \$1,000,000 Projects

Permits totalling \$422,000 were issued today covering extension to the Edmonton arena, construction of a church, an office building and 22 houses.

JASPER-BANFF ROAD OPEN FOR TRAFFIC

Jasper-Banff highway is open throughout its entire length, Alberta Motor Association announced here Saturday.

Construction work is underway between miles five and seven, but the road is passable.

Rebuilding of the highway will continue all summer, a spokesman stated. Road is being widened and resurfaced with gravel.

Hollywood May Film Life of Prospector

Life story of Gilbert Labine, who made the world-famous uranium district at Great Bear Lake, will likely be made into a moving picture.

Leonard Haynes of Hollywood is in Edmonton today after a flight to Great Bear Lake where he made a survey of the uranium fields and the Canadian Government mines at Eldorado.

Haynes said he plans to shoot most of the picture around Great Bear Lake although the seven days of the life of Labine from bushy days in Cobalt and Porcupine, in his great discovery in the far north.

WRITE STORY

Haynes will write the story in cooperation with a Hollywood script writer and submit it to a moving picture producer.

He said the picture is entirely a Canadian production and will be made by the Canadian Government and the private sector.

"We are working closely with the Canadian Government and the private sector," he said, "concentrating on the peaceful possibilities of atomic energy."

Gilbert Labine may appear in the movie several times. Haynes plans to make another trip north later this summer by which time it may be possible to make an actual stop on filming the picture.

**Peace Block Threat
Voiced by Candidate**

Peace River district may secede from British Columbia and join Alberta unless the Pacific Great Eastern Railway is extended north into the area, predicts George Murray, of Fort St. John, Liberal candidate for Cariboo.

In Edmonton over the week-end, the Peace River district is in the forthcoming Dominion elections, stated his constituency is a "For-gotten."

"Politically, geographically and economically, the Peace River district is a forgotten area," he said. "Edmonton is our center for business, for banking, for transportation."

"I've got to travel a thousand miles to get to Fort St. John to Quebec, at the other end of the Cariboo riding," he said. "Airline distance between the two points is 250 miles."

WELCOME PLAN

Plans of B.C. present General Assembly to extend the PGE from Quesnel to Prince George are welcomed by Peace River district.

As an alternative to joining Alberta, there is some talk in the district of forming a separate province in the north country, he said.

Mr. Murray is publisher of the Alaska Highway News at Fort St. John and the Lillooet-Bridge River News, published at Lillooet, B.C.

School Board

Meeting of the School Board is slated for tomorrow 8 p.m. in the Civic block in Edmonton.

**Auxiliary Group
Banquets Mothers'**

WAINWRIGHT, May 30.—Junior Auxiliary of St. Thomas Anglican church held a mother and daughter banquet recently, under the able leadership of the president, Anne Smith.

The mothers were agreeably surprised at the competent and business-like manner in which the girls conducted their business meeting, and thoroughly enjoyed the dinner and dancing which followed.

Members of the Senior CYO held a social dance in the hall. Separate social auditorium May 30. The hall was beautifully decorated.

**Canoeing PIRATE
HUNTED IN MEXICO**

MEXICO CITY, May 30.—(AP)—Police are paddling the canal of Xochimilco's floating gardens looking for a canoeing pirate.

The masked fierce bandit is credited with a score of holdups recently on the more remote waterways of Mexico's "Little Venice." The last was a week ago today, when at pistol point he took 25 pesos, a watch, two gold religious medals and some jewelled trinkets from Oscar Martinez Maestre and his girl.

He also took the ears of their barge so they could not follow him as he paddled away.

City Will Get 22 Homes In Latest Construction

Permits totalling \$422,000 were issued today covering extension to the Edmonton arena, construction of a church, an office building and 22 houses.

Edmonton Exhibition Association, look out permit for \$200,000 covering the extension of the arena to provide additional seating, arena modernized and improved facilities. Work has already begun on this project.

The extension will provide for more than 1,000 additional seats. Church of the Latter Day Saints took out a permit for \$300,000 covering erection of church building at 10485 W. Avenue. Hilar, Wynn & Co. are architects on the project.

J. N. Dory took out a permit for \$27,500 for an office building at 1000 101 street.

Housing permits totalled 22 with a value of \$141,600.

**Abandon Search
For Drowned Man**

Drugging operations for the body of 32-year-old Archie Villeneuve, who was drowned in Slave River last week, have been abandoned.

The 37-year-old leading laborer whose home is in the Edmonton district, fell from a barge of the Northern Transportation company, operating at Bill Rock, north of Fort Smith.

Company officials in Edmonton said that swift currents may have carried the body of their young employee far downstream.

**City Doctor On
Medical Board**

Any federal health plan that may be instituted by the federal government should have a continuing body, the Canadian Hospital Council has recommended.

The council met at a 1949 annual conference in Quebec City where Dr. A. C. McManis of Edmonton was elected second vice-president.

Dr. Fraser Armstrong of Kingston was elected president and Dr. C. E. Fraser, Winnipeg, first vice-president.

Pastel Leg Paint Soon To Be Curs

By Bea Thrift

Today we're basking in the delights of the summer sunshine... and lots of us are complaining about the heat already.

But Land O'Goshen... every time I think of those blinding, blizzards January days I'm thankful for a bit of heat.

This business of being uncomfortably warm though... it can do dulling things to the spirit.

And don't you find our sheet, lovely nylon warm?

They seem to have an unhappy facility for being cold in winter and warm in summer...
The leg paint is rapidly being displayed prominently in local stores with a new crop of lighter shades as "the thing" for summer '49.

Hear told we'll be having leg paint tinted various pastel shades for wear with light summer frocks...
I hope it's something that will come off easily... I'm going to have mine done in green or violet.

That's right though... with these legs, one should avoid an imperious countenance.

In the way of foundation garments there's a very nifty pastel...
There are variations of the same thing selling for prices ranging from 98c to \$2.50.

Some advertise a leather made of nylon and some other fabric...
All of it, however... it is a good idea to get your legs done before slip by waving the girls goodbye.

This pastel effort will do the trick if you feel inclined to go without stockings.

Another school of figure-huggers thinks a girdle only good for one thing...
It's holding up the stockings.

Some time can be asked about the stockings-holding-up...
It's a good idea to get your legs done before slip by waving the girls goodbye.

More... lingerie lines and a happy word about the increasing variety and lowering price of silk...
It's a good idea to get your legs done before slip by waving the girls goodbye.

Bar from lingerie lines to...
It's a good idea to get your legs done before slip by waving the girls goodbye.

Incidentally the word about the hunt for...
It's a good idea to get your legs done before slip by waving the girls goodbye.

It can taste the cool, refreshing...
It's a good idea to get your legs done before slip by waving the girls goodbye.

It's been a long time since we've...
It's a good idea to get your legs done before slip by waving the girls goodbye.

Do you know it?

It's a surface has already had a...
It's a good idea to get your legs done before slip by waving the girls goodbye.

It's a long time since we've...
It's a good idea to get your legs done before slip by waving the girls goodbye.

It's a long time since we've...
It's a good idea to get your legs done before slip by waving the girls goodbye.

It's a long time since we've...
It's a good idea to get your legs done before slip by waving the girls goodbye.

It's a long time since we've...
It's a good idea to get your legs done before slip by waving the girls goodbye.

It's a long time since we've...
It's a good idea to get your legs done before slip by waving the girls goodbye.

It's a long time since we've...
It's a good idea to get your legs done before slip by waving the girls goodbye.

It's a long time since we've...
It's a good idea to get your legs done before slip by waving the girls goodbye.

It's a long time since we've...
It's a good idea to get your legs done before slip by waving the girls goodbye.

It's a long time since we've...
It's a good idea to get your legs done before slip by waving the girls goodbye.

WHY GROW OLD

People Benefit By A Little Exercise

By Josephine Lovman

This week I am giving you a peep at some recent "Why Grow Old?" mail. The letter I quote today is from a man. In part he says:

"Two years ago I weighed 216 pounds and had a waistline of 42 inches. For a man 32 years old, who has to meet the public all the time, this was embarrassing. I had a dowager's hump, round, slumping shoulders, a slight, but noticeable, and could not walk two blocks without getting out of breath.

"I cut all pastry and sweets out of my diet and sent for my waist-reducing exercises which I did for 40 minutes every day. Now I weigh 145 pounds, my chest measures 40 inches, and my waist 32 inches. I got rid of the hump at the back and my shoulders are squared in each direction.

"My doctor cannot believe it. He says I will live a long time. I keep on at it with and keep my weight down. When I look around and see men with poor posture and overweight I cannot see why they do not take better care of themselves in these matters. There would probably be a lot less heart trouble if they did. What good for the women is good for the men, too, it seems to me.

"It is an inspiring example right from life for men who read this column and for their wives who may be able to read them. I am taking better care of themselves. The letter reflects not only more attractiveness but better health, as a result of a routine of weight reduction and exercise.

"Both men and women of middle age should begin exercise with care, obtaining the 'go ahead' light from their doctor first. With these two precautions, thousands of men would benefit greatly by exercise, and certainly by cutting down on the rich food which is not essential for good nutrition.

"It would be well to have no short routine of exercise which was planned especially for men. No husband should ever be without an envelope with your request for more exercise, and a woman, in care of this newspaper.

DOROTHY DIX SAYS

Many Qualifications Needed for Good Wife

DEAR DOROTHY DIX: Not long ago you published an article in your column entitled "What makes a man a good husband?" Will you please write a companion piece to it on "What makes a woman a good wife?"

W. J. MAC M. JR.

ANSWER: Well taking it by and large, I think I take a larger amount of virtue and more know-how to make a woman a good wife than it takes to make a man a good husband.

It is a harder job, with more angles to it, and I think it takes more to keep her happy and satisfied. It's like beauty. Husbands expect their wives to keep young and good-looking, but wives don't expect their husbands to maintain their boyish figure and keep their hair.

Put, coming down to brass tacks, I think that the thing that goes farthest toward making a woman a good wife is for her to be a good mother. It is the virtue above all other virtues that every husband desires in his wife. He wants a wife who, in the words of the old poet, is to his faultless blind, to his virtues every marriage is bound.

Next, I would rate a sense of humor as a "must" among witty women. Every marriage is bound to be a good provider.

The woman who is a good wife is a good wife in a good way. She is a good wife and feeds her family well and wisely. Her house is always tidy and a place of rest and peace.

In a word, it sums up to this: The good wife is a woman who tries as hard to make a success of her life as her husband does. She doesn't brood over her husband. She doesn't brood over her husband. She doesn't brood over her husband.

Little Kathy Tragedy Closes

LOS ANGELES, May 29 (AP)—The final chapter in the tragic story of three-year-old Kathy Fiscus drew to a close today with her burial in the cemetery where she was born.

Little Kathy fell into an abandoned 14-inch well casing April 8, and volunteer miners, sandhogs, well-drillers, engineers and workmen labored 32 hours to recover her body.

YOUR BABY AND MINE

Baby Must Learn That Others Won't Harm Him

By Myrtle Meyer Eldred

When a child meets a new situation and feels that he cannot deal with it, or escape it, he develops an emotion of fear. The more helpless he feels, the more quickly the fear response degenerates into terror.

At about 6 to 12 months of age children become more self-conscious about strangers. If they have had their mothers as a constant part of each home or outdoor situation, they will be terrified if she leaves them.

This fear should end when babies discover that strangers are not unpleasant, sometimes enjoyable, but an endeavoring interest in their activities. This new attitude is to welcome that they forget their fears.

Mrs. H.V.C. writes, "I have no problems with my baby except that he is afraid of the night. I am not pleasant, sometimes enjoyable, but an endeavoring interest in their activities. This new attitude is to welcome that they forget their fears."

"I am new here and so have stayed pretty close to my own apartment. I admit that I have been showered with love and attention since birth and I feel now that it has been of harm to him. I think it is a change. What he needs is the only person in the world. He has been this since his fifth month and he is now nine months old."

The constant presence of one caretaker is certain to become a part of the baby's experience that he is fearful when there is a change. What he needs to discover is that there are other loving protective persons in the world. He will learn the more quickly if you are not distraught when he is crying and will continue to talk in a soothing, calm way to him and reassure him constantly that there is nothing of which he is to be afraid.

Allow the father to care for him some part of each day, and when you come back from the store, even if the baby is crying, do not go near him or act as if he needs something. Just let the father continue to play with, talk to and distract him.

Allow the father to care for him some part of each day, and when you come back from the store, even if the baby is crying, do not go near him or act as if he needs something. Just let the father continue to play with, talk to and distract him.

Special Group to Decide CSU Ejection From TLC

By John LeHane

OTTAWA, May 30.—(CP)—Aid strong indications that the Red-influenced Canadian Seamen's Union may be tossed out of the Trades and Labor Congress of Canada, the TLC executive yesterday set up a special committee with full power to make a decision on the issue.

While the executive announced no decision of the question of ejection, it issued a statement expressing determination to keep Communists out of official positions in TLC unions and away from its convention floor.

That and other indications from the three-day executive meeting made it appear that the executive—after a long holdout against rightist demands for disciplinary action against the Red-dominated union—had come to the conclusion it had to put out the CSU to hold its own ranks together.

TIMING ONLY DOUBT

It appeared last night on the basis of available information, that the timing of the suspension move was the only matter now in doubt.

However, Congress sources expressed belief that suspension of the CSU would not be followed—at least in the near future—by admission of the right-wing Seafarers' International Union (AFU), which is battling the CSU for control.

After the Cleveland meeting, there were reports that the AFU had handed an ultimatum to the TLC—its Canadian counterpart—put out the Seamen's Union, and information here was that at least the American Federation had strongly urged the TLC to take this step.

INTERNAL SPLIT FEARED

While strongly anti-Communist throughout its membership, the AFL-CIO has been holding off on direct action against the CSU for fear of precipitating a division within itself.

However, the executive's hand now appears to have been forced by the attitude of the pro-union leaders—whose union's membership totals about half the Congress—400,000 members—who have been reported in recent months as ready to break away and form a new congress of their own unless the AFL-CIO is to term with them.

Suspension of the CSU is as far as the executive can go in disciplining the union, and this would have to be reviewed by the Congress next convention at Chicago in mid-September.

Meanwhile, the executive has also had under consideration another move in the direction of

Hundreds Said Killed In Abyssinian Revolt

ROME, May 30.—(Reuters)—A revolt in Abyssinia with large battles near Addis Ababa, in one of which 300 dead were left on the ground, was reported tonight in Italian newspapers.

According to the reports an attempt was made to ambush the Crown Prince of Abyssinia, Asfaw Wossen, eldest son of Emperor Haile Selassie.

The dispatches, carried under a Djibouti (French Somaliland) date, reported the rebellion broke out a few days ago. After one battle near the capital, government forces withdrew to avoid causing a spreading of the revolt, the dispatches said.

On May 13, according to the reports, the rebels ambushed a military column which was to have included the Crown Prince.

BULLETS HIT CAR

But the Prince was not in the car which bore the royal insignia and escaped the hail of machine-gun bullets which ripped into the back seats. The Prince's secretary, who was in the column, sent an immediate call for aid and royal troops rushed to the scene, between the rebels and the Prince, and beat off the rebels.

Three hundred dead, many of them horribly mutilated, were said to have been left lying on the ground.

Boy Accidentally Shot To Death

REGINA, May 30.—(CP)—A 12-year-old boy of Regina, yesterday was accidentally shot to death at Robt Lake, where he was hunting squirrels with some young companions.

Didbury Farms To Get Power

DURHAM, May 30.—(CP)—Local electrification will be extended to about 100 farm homes in the Didbury district before the end of the present year, it was learned today.

Contracts have been signed and work on power lines is expected to start shortly.

LIE DETECTOR would have cost the city of Chicago \$1,205 to policemen Joe (left) and John Price, communist-minded brothers, thought they could do better than that. With an O.K. from the commissioner, they built the detector above, using some old parts and some new ones. Cost \$10.

Churchill Asks Tories Mobilize for Fall Vote

CHICHESTER, Essex, Eng., May 30.—(AP)—Winston Churchill Saturday night called on the Conservative party to mobilize for a possible general election this autumn.

"This is a fateful year for this country," he said at an open-air rally. "The Conservative political party leader said recent local elections have proved the growing distance of the masses of the people for the record of our Socialist masters."

"Before 12 months is out we shall have another general election," Churchill said. "Perhaps it may be an autumn election—can't tell you, but it may well be."

MOBILIZATION STRESSED

"We must be ready for an autumn election. If it comes we must be mobilized," British Labor party now in power, can call a general election at any time. General elections must be held at least every five years.

The last general election was held in 1945 when the Labor party swept into power. The Conservatives made substantial gains in the election of city, borough, district and rural governments in England.

Laborite Sees No Early Vote

GILFILLAN, Norfolk, England, May 30.—(Reuters)—Arthur Greenwood, Labor party treasurer and member of Parliament, Saturday night described as "wildly thinking" the call by Winston Churchill to Conservatives yesterday to "be ready for an autumn election."

In a speech here, Greenwood said: "So far as I can see there is not the slightest sign of an early general election."

The next general election is due in 1950, at the latest. Greenwood said the Labor party is not at all disheartened by the reverses in the recent local elections.

Additional Sport

Palestinian Whips Olympia

CAMDEN, N.J., May 30.—(AP)—Palestinian came into his own Saturday as contender for the three-year-old turf championship with a victory in the \$50,000 Jersey Stakes at Garden State Park. Hedy Woodhouse of Vancouver was aboard the winner, which broke the track record.

Carrying the sear-and-whistle risks of New York's older Brierley, the Palestinian needed the 11-month-old filly in 2:01.4 as he caught Red V. Hooper's Olympia about 70 yards from home and went on to win by 1 1/4 lengths.

Time clipped 1 1/2 seconds off the track record of 2:00 being set by Citation in taking the same stake a year ago.

Parker, Gonzales In Doubles Win

PARIS, May 30.—(CP)—Frank Parker and Richard (Rancho) Gonzales, both of Los Angeles, yesterday defeated the South African Davis Cup combination of Eric Sturgess and Evelyn Fanning, 6-3, 8-6, 5-7, 6-3.

Mrs. Margaret Osborne Du Pont of Bellevue, Del., and Louise Brough of Beverly Hills, Calif., won the women's doubles title by defeating the English Wimbledon pair, Joy Cannon and Mrs. Betty Hilton, 7-5, 6-1.

Hardy to Attend Hockey Conclave

NEW YORK, May 30.—(CP)—Hockeydom's officials meet here Thursday in the first gathering under one roof of the national teams of Canadian and United States amateur leagues.

Professional hockey's major league and three minor leagues will be represented by their respective presidents in the five-day session at the hotel New Yorker.

From Czechoslovakia, Switzerland and Britain will come, president Dr. W. E. Hardy of Edmonton and other officials of the International Ice Hockey Federation for their general council meeting.

Art Potter, of Seattle, president of the AAA, and president Harold Brandt, Chicago, left last night for the meeting.

Newcastle Drabs Saskatchewan 13-2

SASKATON, May 30.—(CP)—Tying with their opponents throughout, Newcastle 13-2, drabbed Saskatchewan All-Star eleven 13-2 at Griffith stadium here Saturday night. The English visitors, thrilling more than 1,000 persons with their smart play, never extended themselves and could have scored another dozen goals without any extra effort.

It takes more force to propel a ball at high speed than at low speed due to wind resistance, which increases more rapidly than the square of the velocity.

Calumet Farm Does It Again

NEW YORK, May 30.—(AP)—Bella Calumet, hand of the Scottish National soccer team, a surprising 2-0 defeat in an international match played in intermittent rain yesterday at Tiverton Stadium.

A crowd of 15,000 saw the Celtic score with two rapid thrusts by John Campbell late in the first half and early in the second, and they stand off every Scottish challenge.

The Scottish team, champion of the British Isles, pressed through the match but couldn't break through the tight defense thrown up by the Celtic posse, Kevin McMillan, and Fullbacks Billy McMillan and Tom Abernethy.

Belfast Celtics Blank Scots 2-0

NEW YORK, May 30.—(AP)—Bella Calumet, hand of the Scottish National soccer team, a surprising 2-0 defeat in an international match played in intermittent rain yesterday at Tiverton Stadium.

A crowd of 15,000 saw the Celtic score with two rapid thrusts by John Campbell late in the first half and early in the second, and they stand off every Scottish challenge.

The Scottish team, champion of the British Isles, pressed through the match but couldn't break through the tight defense thrown up by the Celtic posse, Kevin McMillan, and Fullbacks Billy McMillan and Tom Abernethy.

Chicago Seeks Zernial Fill-In

CHICAGO, May 30.—(AP)—General Manager Frank Lane of the Chicago White Sox, making a frantic search for a replacement for slugging outfielder Gus (Ossie) Zernial, announced Detroit, St. Louis and New York.

Lane was reported to have asked the Tigers for terms on Dick Wakefield, With the Browns it was on Dick Kokor and the Yankees on Cliff Munn.

Zernial, returning from Cleveland with his mate after breaking a collar bone while diving for a low line drive Saturday, will be examined by the Sox team physician.

The rookie is expected to be shelled for two months.
